## World Conflicts... an Islamic Perspective

**Please RSVP**

Odeh Muhawesh is a respected theologian, captivating speaker, brilliant teacher, and wildly successful entrepreneur who has humbly dedicated his life to seeking knowledge with a divine aim and inspiring others to do the same. He composes his moving, knowledge-packed, scripture-backed speeches on the way to an event itself, and each speech is worthy of being recorded for broadcast publication.

Please join us for an eye-opening speech about the world conflicts...an Islamic perspective, a Q & A time, and a delicious free lunch. Ask ANY question about Islam—Mr. Muhawesh loves any question. Please RSVP to islamicmediamn@gmail.com or 612-216-2478.

### What previous event attendees had to say:

- “Simply excellent!”
- “People only hear negative little blitzes in the news, and they don’t have the right information.”
- “I felt you could ask any question you wanted.”
- “I’m glad I was able to ask basic questions about Islamic theology and history without feeling silly or out of place.”
- “Each of us who comes to these events needs to take the information back to their own groups and correct the wrong information that is out there.”
